THE AIMS ADMISSION APPLICATION

We're so glad you've decided to apply to Aims. Here are a few things you should know about our application:

- It's free!
- There is no application deadline, but apply soon so you have time to take the next steps to register.
- You will create an admission account by providing an email address and a password. You can complete the application right after you have created your account or login to finish your application later.
- If you want to earn a certificate or degree, plan to select a "program of study." This is required for determining financial aid eligibility (don't worry, you can change this later).

4. At the top of the next page, click on the tab that says "Create Account".
